7. DESIGNATION OF PLANTS OR PLANT PRODUCTS:

**ADMISSIBLE NURSERY STOCK, PLANTS, AND ROOTS NOT SUBJECT TO POSTENTRY QUARANTINE SEEDS OF TREES AND SHRUBS AND ALSO SEEDS COVERED IN PART 319.37-6**

Please refer to the list of prohibited plants and seeds, in the enclosed Part 319.37 (Quarantine 37). It is your responsibility to import only admissible plants and seeds. Prohibited plants and seeds included with any importation will be refused entry.

All plants and plant parts of the subfamilies Aurantiodeae, Rutoideae, and Toddaliodeae of the botanical family Rutaceae are prohibited. Rutaceae seeds are enterable under written permit, treatment is required if the shipment is from certain countries listed in CFR 319.37-6(e).

Importers of all plant material should pay particular attention to the enclosure concerning endangered species "Dear Applicant/Permit Holder". The plants listed regardless of origin, must be accompanied by documentation required by the CITES requirements. These documents must be obtained prior to importation of plants into the United States.

"Permittee must instruct the supplier to label each container with the species name of plants within. For containers holding more than one species, each species must be labeled separately."  
**ALL COSTS AND ARRANGEMENTS FOR TRANSPORTATION TO AND FROM THE INSPECTION STATION IS THE RESPONSIBILITY OF THE IMPORTER.**

Any alteration, forgery, or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001).

This permit does not authorize the importation of any genetically engineered plants or products thereof. To import such plants (or to move them interstate), write to Biotechnology Regulatory Services, Permits, USDA, APHIS, 4700 River Road, Unit 147, Riverdale, Maryland 20737-1237.
