Subject: 2010 appropriations for Advancing Biofuels Production
Date: Friday, October 02, 2009 8:46:29 AM

Dr. Nimmo and Dr. Rooney

The project on Advancing Biofuels Production was appropriated [REDACTED]. It is anticipated that there will be some recission. Nevertheless, a good time to begin thinking about developing the proposal for the funding. A great partnership where support is coming from Rep. Edwards and Senator Hutchison. Congratulations

Ron
