Subject: FW: Seed Request for Chromatin

Hi Dr. Rooney,

Please see the list of materials requested by Chromatin. It seems that several of these lines are the same as those committed to Ceres. [REDACTED]

[REDACTED]
[REDACTED] aren't these part of those
being held for Ceres?

I understand that Bill Lyles has contacted Robert regarding the Chromatin interest and that they will meet on Monday. Maybe you could help Bill be prepared to separate out the Ceres-committed materials that we need to remove from the list in order to determine what may be provided in an MTA to Chromatin. As usual, we will need a disclosure form on those materials to be transferred that have not been previously disclosed.

Thanks again in advance for your help here.

-Janie

Subject: FW: Seed Request for Chromatin

Hello Janie,

Subsequent to our visit to Texas A&M last month to meet with Bill Rooney, you and your AgriLife colleagues, Larry has made a determination on behalf of Chromatin as to specific sorghum germplasm we would like to access. You will note the e-mail message he sent to Messrs. Lyles and Rooney earlier today.

I am writing to request that the appropriate Material Transfer Agreement be sent to me with copy to our corporate counsel, Greg Zinkl, with whom you have been in contact regarding the Mutual Non-Disclosure Agreement. I am assuming that there will be an access fee and that any commercial terms would be conveyed for our consideration were Chromatin to advance any or all of the germplasm it receives.

Since we intend to increase and evaluate this material in our winter nursery, time is somewhat of the essence. If you have any questions, please give me a call. I will be in the Chicago office tomorrow morning, but then heading for O'Hare to return home to Dallas for the weekend.

Best regards,

Ken

Subject: Seed Request for Chromatin

Bill & Bill,

Based on the sweet sorghum and forage sorghum data you supplied as well as my visit to your trial site at Halfway, I would like to request the following inbreds for Chromatin:

[REDACTED]

[REDACTED]

When documents are in order and you are ready to dispatch the seed, please send this request to the following address:

Chromatin, Inc.
Rt.1, Box 63-2
951 FM 2301
Lockney, TX. 79241

Thanks in advance for your help.

Best regards,
Larry
