Bill,
See attached. I will be available today (but not Peter) or next week (with Peter). We are working with their attorney to schedule a conference call.

Thanks,

Brooks

Wilfriede,

Early next week would work well. I unfortunately have the rest of the week scheduled.

Brooks' availability may be better than mine tomorrow, and you may wish to follow up directly with him on Friday.

Hello Peter, would it be possible to schedule a call today or tomorrow to discuss? Walter Nelson also informed me that there was a request for pedigree information with respect to two hybrid sorghum varieties developed by Ceres. This is clearly sensitive confidential information of Ceres. I am looking forward to discussing the requests with you and Brooks, just let me know what would be a good time. Thanks!

Best regards,

Wilfriede

Wilfrede,

We have three Texas Public Information Act request for agreements between The Texas A&M University System and Ceres. Brooks Moore (copied on this) in our Office of the General Counsel is coordinating the response. I want to make you aware of this request, and to introduce you to Brooks so that you can discuss with him the process and the options available to us collectively.

Best regards,

Peter Schuerman, Ph.D.
