Spencer and Pete,

My flight schedule is below. Spencer suggested that someone at Ceres would arrange or let me know about a shuttle and hotel.

I have attached an outline of some of the topics I propose we discuss during my visit. This list of topics and questions has been reviewed by the group here so we will have the benefit of fairly broad input. Feel free to delete items or add to the list.

I will be out 3/10-3/16.

Sincerely,

John

Spencer, thanks for talking with me today. Here are the finalized portions of the proposal; we're still settling one issue with respect to the budget, but this may be helpful to and Pete you in the interim for developing the research and commercialization milestones.

Best regards,

-Peter
