Bill,

As far as I know, not getting the abstract in shouldn't affect the scheduling. Since it's a symposium, even if it did it should be fixable.

John,

Can you answer this? I'm in for my hip surgery so I'm emailing remotely and don't have names & numbers from headquarters.

Steve

Stephen:

I failed to write an abstract for the ASA meetings. I did this even after making my students write their abstracts.

So, my question - am I still on the schedule for the presentation? If so, can you give me insight into when the presentation is and if I still need to submit an abstract?

I apologize greatly for this - the summer was busy and I simply forgot about this.

regards,

bill
