Bill,

Thanks much for this information. Let's plan on beginning at 9:00 a.m. at the Enterprise Works Building 60 Enterprise Drive. This location is the Research Park at the University of Illinois where we are based in Champaign. We will be either driving down Thursday evening (12th) or that Friday morning (13th). Would you be available for breakfast that Friday morning? If so, some of us would arrange to have breakfast with you if you wish.

I have copied Shawn Carlson who leads the science team in Champaign and will serve as the host for the meeting. We would begin with a seminar presentation by you, followed by a brief tour of our facilities and discussion. We will arrange for your transportation to the airport. In all probability, Larry, Steve and I will take the same flight from CMI since we will be heading on to our respective destinations.

We look forward to meeting with you next Friday.

Best regards,

Ken

Bill, we are beginning to make arrangements for your visit next Friday, 13 November. Because I am arranging for Larry Lambright to fly in from Lubbock and our folks to drive down from Chicago, knowing your departure time that Friday would facilitate planning. Steve Rounsley (U AZ) bioinformaticist will be with us in Chicago and drive down with us for your seminar. Please advise at your earliest opportunity or feel free to give me a call (214,215.2984) tomorrow if you wish. . Thanks, Ken
