Ok, I'll get the sync cable ordered today.

Do you also have Office 2007 on your main laptop (the 8510w)?

Order the sync cable and I'm using Outlook 2002. I expect I'll need to upgrade both.

Morning Bill,

On your base computer, open Outlook and at the menu on top, click Help/about outlook... It should display the version that you currently have.

I can order a sync cable for you. Should be around \$45-\$50.

Scott:

Thanks for the information. A couple of other questions in setup. First, I need to get Outlook on here and update the Outlook on my base computer so that both have the same version. How's the best way to do so. Second, I need to get a sync cable - again, the best way is to?

Sorry for the ignorance, just don't have time to devote to these issues....

Regards,

Bill

Hello Dr. Rooney,

I was able to get the Verizon wireless service activated on your new netbook so it's ready when you are. Right now you have unlimited domestic (U.S.) access for \$44.95/mo. There are quite a few things to be aware of when you travel outside of the U.S.

Mostly- the rates are sky-high so use the verizon connection (mobile broadband) as little as possible. The wi-fi connection would be the preferred way to access the Internet.. at your hotels/coffee shops/campuses etc...

Here is the info that I took down regarding the International rates as well a link to Verizon's site that should tell you pretty much the same thing.
http://b2b.vzw.com/international/GlobalAccess/plans_coverage.html#monthly
At least three days before you leave the states, you have to contact A&M's telecommunications dept. (Marcus Graham or Megan at 845-1020), ask them to contact Verizon to have your SIM card provisioned for International access and give them your SIM card number (89014103212315821357)

There are two types of International billing: pay-as-you-go and a monthly plan- they're specified per country, not an option. For you Mexico is the only place where you'd use the monthly International plans: \$129/100MB/mo. and \$219/200MB/mo. These rates are pro-rated so if you're only gone for a week or two, they will reduce the charge accordingly- be sure to call and cancel when you get back. Anything over the limits are billed at \$5.12/MB (mega-byte).

The other countries are billed on a pay-as-you-use basis at \$20.48/MB. This would be for Jakarta, El Salvador, Honduras, Nicaragua, South Africa and Brazil.
