According to FAMIS the total award is [REDACTED] Short Title is Feedstock Partnership Award # 3TA153/Prine: DE-FC36-05G085041
It only has accounts for you and Heilman
Here's the printout of the Summary Budget Pool since the account started:

SOUTH DAKOTA STATE UNIVERSITY , ,FY 2010 CC,06

A black and white photograph of a large, dark, textured rock formation, possibly a cave entrance or a large rock face. The rock surface is highly irregular and craggy. In the upper right corner, there is a small, bright light source, possibly a window or an opening, which illuminates the surrounding rock. The overall scene is dark and atmospheric.

Pam:

I've been looking at the SDSU proposal we submitted; the numbers don't match with what you've got listed below. According to the attached, we were due

[REDACTED] so it doesn't match.

As far as I know this is the only funds that I have coming from SDSU. Can you reconcile this or give me a title or copy of the budgeting instructions?

Regards,

Bill

Dr. Rooney, this account has received new funding. I noticed you had set up a support account for Heilman that says Interim funding. Just wanted to check with you as to where the new funds should go.
