Man, you are publishing fool these days.

I think I mentioned that we are go to release and publish the registration manuscript on [REDACTED] so I've taken the liberty to finish that manuscript. It is attached and needs a little information from you and any addition editing you might wish to manage.

If you have the original image for the figure, can you send it to me? They may want something with a little higher image quality.

Like the Genome paper, I'd like to get this submitted next week in conjunction with our sugarcane paper, so your input soon would be greatly appreciated.

regards,

bill
