Hi Todd, Eleonore,

Thank you for sharing. I saw this on Monday and I was wondering about it. It looks like an interesting initiative. It would be good to understand how people are participating and some of the work to ensure data quality etc... Will it be showcased or presented at the upcoming UNEA in Nairobi (in December)?

Best,

Isabelle

Subject: Launch of Global Mosquito Alert

Hi Delphine, Stephanie and Isabelle,

I wanted to introduce you to my colleague Eleonore Pauwels from the Woodrow Wilson Center. Her team, along with the UN, launched a new program to track and control mosquito borne viruses.
